SOCIAL & EMOTIONAL LEARNING
EXCHANGE

hosted by 

Dr. Aaliyah A. Samuel, CASEL CEO & President

Like you, I believe there is nothing more vital to our young people's future than an education anchored in social, emotional, and academic learning. I know this as a parent, as a former teacher and school leader, and as a policy influencer.

Amid significant challenges in education, we have unprecedented demand and new opportunities for social and emotional learning.

As CASEL's president and CEO, I also experience every day why the "C" in our name stands for "collaborative." To light a path forward, we must strive to align across our schools, families, and communities in this work.

Join us and our partners at the *2022 Social and Emotional Learning Exchange Virtual Summit.*

How do we as educators, parents, policy makers, and community members truly collaborate, honoring the expertise of all?

The 2022 Exchange Virtual Summit provides an opportunity for attendees to explore the common threads between schools, families, and communities.

The time is ripe for new coalitions and innovations resulting in deeper benefits to students and to all partners.

Together, the SEL community can weave a path forward.
